How to reach us

SOLCOM Headquarters Reutlingen

Description

Travelling by car

From the A8, coming from the Karlsruhe or Munich direction

Leave the A8 at Junction 52 and follow the B27 in the direction of Tübingen/Reutlingen. Do not take the Reutlingen/Metzingen exit (B312) but the Reutlingen exit that leads you onto the B464 several kilometres further on. The B464 ends in a T fork. Here you turn right into "Rommelsbacher Strasse". In Reutlingen, about 500 metres after the tunnel, you again turn right, this time onto the four-lane B28 leading to Metzingen. Take the first turning off this road to the left (towards the "In Laisen" industrial estate). Follow this road, "Am Heilbrunnen", then take the first turnoff to the left into Schuckertstrasse.

Description

Travelling by plane

The journey time by taxi is around 30 minutes, depending on how heavy the traffic is. The fare is approximately €60. There is also the option of coming to us by public transport from Stuttgart Airport. To do this take the "S-Bahn"

suburban railway Line S3 from the airport itself in the Backnang direction until you reach Bad Cannstatt station. Here you get into the R8 local train in the Tübingen direction. Get out at the Reutlingen main station ("Hauptbahnhof") and follow the description under "Travelling by public transport". The journey time is around one hour and twenty minutes.

Description

Travelling by public transport

Immediately opposite the station building in Reutlingen is the bus stop "Listplatz-Hauptbahnhof". Here you catch the Line 1 bus which travels every 20 minutes in the direction of Orschel-Hagen, "In Laisen" industrial estate. Get out at the "Siemensstrasse" bus stop and cross the road, passing the "Stadtwerke". An alternative is to take Line 7 from the main station in the "Efeu" direction. Here too you should disembark at the "Siemensstrasse" stop. In both cases the journey time is between five and eight minutes.
